

Tool Set, Team Aircraft, Armament Repairman

SC: 5180-95-B70
NSN: 5180-01-433-4469, 5180-01-433-4470, 5180-01-517-6129
LIN: W59171

System Description

MOS: 68J/68X The modernized TAARTS consists of 72 tools and is contained in a lightweight portable plastic toolbox (with handles) measuring 19.5 inches wide, 32 inches long, and 21 inches high with a weight of 134 lbs. Each tool box has custom cut polyethylene foam trays for the tool load.

System Mission

The TAARTS is specifically organized to provide the aviation armament repairman the tools needed to repair aircraft armament. The general design and layout of the tool set has been specified to the degree that is required to assure that the set serves the daily life style and work needs of the repair teams. The mission may include repair and maintenance of weapon systems utilized by rotary wing aircraft such as the Blackhawk, Apache, and Kiowa helicopters.
